

## ***Partnering in Business with Germany Programme*** **of the Federal Ministry for Economic Affairs and Climate Action (BMWK)**

In cooperation with GIZ, Chamber of Commerce and Industry of the Republic of Moldova (CCI Moldova) is implementing the *Partnering in Business with Germany Programme* of the Federal Ministry for Economic Affairs and Climate Action. This Programme is aimed at developing international trade opportunities for small and medium-sized Moldovan enterprises with German companies, which is of particular importance in the context of the EU-Moldova Association Agreement about a deep and comprehensive free trade area.

### **Partnering in Business with Germany contributes to**

- the entry of Moldovan enterprises into the German and international markets
- increasing the competitiveness of Moldovan enterprises
- improving skills in the field of foreign economic activity

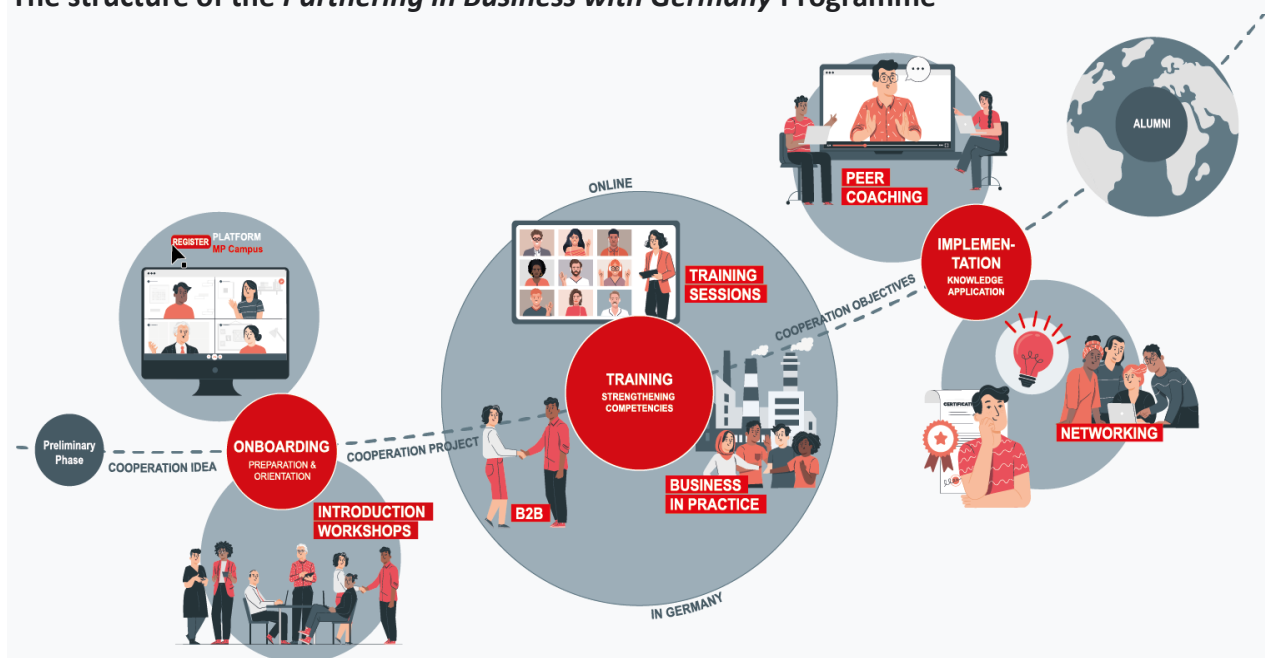

### **The Programme offers its participants:**

- Blended learning: a combination of digital and face-to-face formats and teaching methods
- Compact 2-week stay in Germany
- Acquaintance with the experience of successful German companies
- Direct contact with potential business partners in Germany
- Become part of the international business community with exclusive access to graduates from 17 partner countries of the Programme (more than 17,000)

Target group of the *Partnering in Business with Germany* Programme are middle and high level managers

- of small and medium enterprises in Moldova
- with at least 2 years of experience working in a managerial position
- of higher education in economics, trade, technology, management or other similar disciplines
- with the authority to negotiate on international level and
- good English language knowledge (exception for Moldovan managers in agriculture and food processing industry: good Russian language knowledge).
